Measures for Economy in the use of Paper &c

From

The Deputy Govt Press

No. 25 Dated 20. 7. 18 Received 22. 7. 18

Diary No. 1404	Enclos.	Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Suggests that great economy in the use of paper can be effected with great advantage by reducing the number of copies of Mysore Season & crop Reports for 16-17 and by printing a little more clear matter & omitting it from the Gazette &c

NOTES AND ORDERS.

Chief Secy

15-18

The question whether publication in Gazette may be considered if may be enough if say 300 or 400 copies are printed & supplied to offices & some needs Consider & Report

My Dear Sir,

I beg to state that 1,500 copies of the Mysore Season and Crop Report for 1916-17 are to be printed and issued as usual as a Supplement to the Mysore Gazette. This number includes the 200 spare copies required by the Revenue Commissioner.

This work consumes about 150 reams of foolscap paper and it occurs to me that, owing to the present difficulty of obtaining sufficient quantity of paper, it need not be printed in the Gazette at all but the required number of spare copies may be given.

This may be done next year.

Moreover, the pages are set up with much blank space in each and if each page is set close the bulk will also be reduced by half, thereby effecting a further reduction in the consumption or paper.

The Report comes to 184 pages as at present set up and if its bulk is reduced by half and only two hundred copies are supplied, there will be a saving of nearly 145 reams of paper, the work taking up only 5 reams. This is a considerable reduction and I beg you will kindly order my suggestion being carried out.

The reduction in the number of pages will not be carried out this year as most of the Report is set up in the present style but the number of copies can be curtailed to 100 instead of 1500.

Yours sincerely,

A Ramaseshiah

C. S. Balasundaram Iyer, Esq., B. A.,
Chief Secretary to the Government of Mysore.
